To whom it may concern,

This letter is my personal recommendation for Mr. David Plumlee. I have learnt English with David for over one year. He is an American teacher so his accent is very perfect and clear.

He is a nice man with polite manner. His teaching style is very professional. He creates variety methods to encourage me such as games, grammar, pronunciation, vocabulary, e-mail writing, presentation skill etc. that motivate me to be enthusiastic study every week. I think my English skill have improved after I learned with him.

I am confident that he would help you to develop your English skill.

Best Regards,
